

GR8T BEGINNINGS MONTHLY NEWSLETTER

Join us November 16, 2018 as we welcome our 2018 keynote speaker Jason Lippert (LCI Industries) as he challenges us to stay active, aware, and involved in being a part of the solution toward high-quality Early Childhood access for our children in Elkhart County. The Summit has a new structure this year; strategically highlighting various Early Childhood challenges, and collaboratively working toward solutions.

Are you at the table? Various platforms will be available to highlight businesses that sponsor a table and register early. We invite you to display your commitment. The registration link is below. Please email me directly to submit your table sponsorship information. Thank you for being the backbone of the work taking place in our community. Reserve your spot today as we anticipate seats/tables will fill rather quickly!
